

AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1. (Currently amended): A method for assigning a unique full digital code address (FDCA) to an online computer; the method comprising assigning to said computer an FDCA which comprises:

an online number, said online number comprising the digital number of an established network site, which number is specified by the country or area;

a telephone number, said telephone number comprising the IDDD code of the country where a computer user is located, the area code of the domestic DDD of the user's area, and the telephone number of the user's company or home; and

a category number, the category number comprising the digital number specified by the country or area for uniformly demarcating ~~the~~ a business category.

2-5. (Canceled)

6. (Previously presented): The method of claim 1 wherein, the method not only is capable of assigning a fixed static address to each online computer, but also is capable of assigning a dynamic address to any temporary online computer.

7. (Canceled)

8. (Previously presented): The method of claim 1 further comprising the steps of accessing an E-mail box by inputting the FDCA into a modem of the computer by dialing a telephone keyboard, linking to the FDCA, and converting the FDCA using dedicated software.

9. (Previously presented): The method of claim 1 further comprising the steps of browsing the Internet by inputting the FDCA into a modem of the computer by dialing up a keyboard of a dial-up telephone, linking to the FDCA, and converting the FDCA using dedicated software.

10. (Previously presented): The method of claim 1 further comprising the steps of accessing an E-mail box by inputting the FDCA into a keyboard of the computer, linking to the FDCA; and converting the FDCA using dedicated software.

11. (Previously presented): The method of claim 1 further comprising the steps of browsing the Internet by inputting the FDCA into a keyboard of the computer, linking to the FDCA, and converting the FDCA using dedicated software.

12. (Currently amended): The method of claim 1 further comprising the step of converting the FDCA using dedicated interpreting software into an IP address, whereby the FDCA corresponds appropriately to ~~the~~ one existing IP address.

13. (Currently amended): The method of claim 1 further comprising the step of converting the FDCA using dedicated interpreting software into a domain name, whereby the FDCA corresponds appropriately to ~~the~~ one existing domain name.

14. (Currently amended): The method of claim 1 further comprising the step of converting the FDCA using dedicated interpreting software into a Chinese hierarchy system

domain name, whereby the FDCA corresponds appropriately to ~~the~~ one existing Chinese hierarchy system domain name.

15. (Previously presented): The method of claim 1 further comprising the step of assigning a subcategory number following the category number.

16. (Previously presented): The method of claim 1 further comprising the step of assigning an encrypted digital number following the online number.

17. (Previously presented): The method of claim 1 further comprising the step of assigning an address to a mail box, wherein the mail box address comprises a user name digital number and a domain name of a mail server where the mail box is located.
